

## 2013 TCIPG Summer School – Sponsorship Opportunities

Q Center, St. Charles, Illinois

June 17-21, 2013

Trustworthy Cyber Infrastructure for the Power Grid (TCIPG) is the leading academic research center studying cyber resiliency in smart grid and energy delivery systems. As part of its educational mission, TCIPG will be hosting its third Summer School at the Q Center in Chicago, IL, June 17-21, 2013. We welcome your sponsorship support in making the 2013 Summer School a success and helping students attend that are preparing for a career in smart grid security. In exchange, we offer the following benefits to help increase a sponsor's brand awareness within the smart grid community.

### Bronze Sponsor (\$500)

#### Pre-Event

- Logo will appear on pre-event promotional literature
- Logo with hyperlink to sponsor's homepage will be included on the Summer School website

#### On-Site

- Logo will be displayed at all venues during the entire Summer School

---

### Silver Sponsor (\$2,000)

*All of the benefits above, plus:*

#### On-Site

- Speaking opportunity at Networking Reception with student scholarship recipients.

---

### Gold Sponsor (\$5,000)

*All of the benefits above, plus:*

#### On-Site

- Giveaway item(s) provided by sponsor that display sponsor's name and/or logo will be included with each registrant's conference packet (giveaways must be received by **May 17, 2013.**)

---

### Platinum Sponsor (\$10,000)

*All of the benefits above, plus:*

#### Post-Event

- Logo prominently placed on DVD archive sets distributed to each Summer School participant

---

**Other Sponsorship Opportunities** - Organizations that want to receive exclusive recognition for sponsoring student scholarship(s), hands-on training sessions, or a networking reception may contact Tim Yardley to discuss specific details.
